

## Fawbert & Barnard's Primary School Newsletter 19 // 30.01.26

Dear Parents and Carers,

It has been another good week at school, despite the continuing cold weather. We were delighted to participate the Indoor Athletics Festival today, and our pupils represented the school brilliantly—well done to all involved. A huge thank you also to our parent volunteers who continue to support school trips; we truly appreciate your time and commitment.

This week Year 5 have shared their learning in our Class Corner and have been extremely busy across the curriculum.

On Friday 6 February, we will be celebrating NSPCC Number Day. Children may wear an item of clothing with a number on it (e.g. a football shirt or patterned clothing). This is completely optional. Our KS2 pupils will also be taking part in a Times Tables Rock Stars competition against Jerounds and Longwood from Monday 2 February to Friday 6 February. We would appreciate your support in encouraging your child to spend just 10 minutes a day on TTRS at home because every effort counts.

Do remember to book your parent consultations. The meetings will provide a valuable opportunity to discuss your child's progress, look through their books, and share feedback with us about what is working well and how we can continue to improve together.

Parents and carers are warmly invited to a Parent Tea & Chat on Tuesday 10 February from 5:40pm, straight after parent consultations. This session is a chance to share what is working well and what we should focus on improving. For those unable to attend, a short online feedback form will be shared. Tea, biscuits and cakes will be provided.

Finally, please note that after-school club will end on Thursday 6 February. External providers clubs (football and Kungfu) will carry on as normal.

Thank you, as always, for your continued support and have a lovely weekend.

Sophia Owonlen  
Headteacher

## Year 5 Class Corner

Year 5 have had a fantastic start to the spring term, and we certainly came back from Christmas with a bang! Our learning launched with an exciting WOW Day, where a hurricane swept through the Year 5 classroom, leaving destruction in its wake. Furniture was displaced, resources were scattered and the classroom told the dramatic story of the sheer power of nature. This immersive experience immediately captured the children's imaginations and provided the perfect stimulus for our English work.

Following this, we have been writing our own disaster stories based on the book *Floodland*. The children have explored and described the treachery of natural disasters in vivid detail, whether that be a volcano erupting, a hurricane tearing through a community, or the ground shaking violently during an earthquake. They have focused on building tension, creating atmosphere and using ambitious vocabulary to draw the reader into their powerful and dramatic narratives.

We have also begun to look at earthquakes in depth, exploring what causes them and how we measure them. The children have learned about tectonic plates, fault lines and seismic activity, as well as how earthquakes are measured using scientific tools and scales. This learning has prompted thoughtful discussions about the impact of earthquakes on people, buildings and the wider world.

In science, we are learning about how plants reproduce and channelling our inner botanists. We have only just begun to start growing our basil cuttings, and it is still very early stages. The children have carefully prepared their cuttings and are beginning to learn how plants can reproduce in different ways, making predictions and observations as they wait to see the first signs of growth.

Creativity has been in full swing this term. In dance, we have been improvising our own dances to the disco classic *Boogie Wonderland*, exploring rhythm, movement and expression while working confidently and enthusiastically as a team. We have also been fortunate enough to be having drama sessions with Sam on a Tuesday afternoon, giving the children opportunities to build confidence, develop teamwork and express themselves through performance.

It is definitely safe to say that Year 5 have had a busy and exciting start to the Spring Term!

# Reading at Home Makes a Difference

## Why reading at home matters

Builds vocabulary and language

Improves reading fluency and comprehension

Supports confidence and wellbeing

Strengthens parent-child relationships

Children who read at home regularly make up to **6 months** more progress in reading.

Just **10 minutes** of reading a day exposes children to **thousands** of new words a year

Children who **enjoy** reading are more likely to succeed across all subjects

A few minutes every day really adds up.

# Healthy Screen Time Guidelines

**0-2 Years:  
No Screen Time**

**2-5 Years:  
Up to 1 Hour/Day**

**5-18 Years:
