## Wednesday 22<sup>nd</sup> March

Adult Community Learning will be back in school offering a session of craft. All parents, grandparents and other carers of children from the nursery to Year 6 are welcome. Your child will be brought out of class to work with you while you make a bag of resources to accompany your child's favourite book. For older children, these can be symbolic objects to help them understand a text for an assessment.

To join us, speak to the school office or email the teacher:
