

PARTNERSHIP

We will inform parents and carers of any concerns about your child (providing it does not compromise the child's safety) and will help support them as necessary.

PREVENTION

We will take positive action to prevent children from suffering abuse and neglect through the development of an open culture that informs children of their rights and encourages them to speak about any concerns. Pupils will also learn about keeping themselves safe within the curriculum.

RESPONDING TO CONCERNS

We will refer all allegations or concerns that a child has been or is likely to be abused or neglected to Social Care within the Children's Services Department. We will consult with other agencies when there are concerns that a child may have been abused or neglected. We will discuss with parents and carers any concerns they have about children. Parents and carers will be kept informed of what has happened.

CHILD ON CHILD ABUSE

Physical and emotional abuse of children by other children will be dealt with through the school's anti-bullying policy. Parents and carers will be kept informed. All concerns about possible sexual abuse will be referred to Social Care.

CHILD PROTECTION CONFERENCES

We will attend conferences and provide information about children and families. This information will be shared with parents and carers beforehand. We will keep confidential child protection records separately from a pupil's academic and other school records.

CONFIDENTIALITY

Information from parents about possible child abuse cannot be kept confidential. Information and records about children on the Child Protection Register will be given only to those people who need it and will be kept strictly confidential by them.

A full copy of the school's Safeguarding Policy is available on the school website.

Learning for Life

**Fawbert & Barnard's
Primary School**

**Parent Friendly Safeguarding
Leaflet**

May 2025

OVERVIEW

This leaflet reflects the values and philosophy of Fawbert & Barnard's in relation to safeguarding.

We believe that all pupils should remain safe and free from harm. As such, we are committed to playing a full and active part in the multi-agency response to child protection concerns. Additionally, we as a school, have a legal duty to safeguard and promote the welfare of children and to have a Safeguarding Policy.

Staff at Fawbert & Barnard's have a day to day contact with pupils, and some direct work with families, which means that we have a crucial role to play in noticing signs of possible abuse or neglect. Parents and Carers need to be aware that if it appears to a member of staff that a child may have been abused, the school is required, as part of the local safeguarding procedure to report the concern to Social Care immediately. Therefore, to avoid any misunderstandings, parents and carers should inform the school immediately if their child sustains any accidental injuries that result in cuts, bruises or fractures.

DEFINITIONS

SAFEGUARDING: Protecting children from maltreatment, preventing impairment of their health or development, ensuring they grow up in safe and effective care, and taking action to enable all children to have the best outcomes.

CHILD PROTECTION: It focuses on protecting individual children identified as suffering, or likely to suffer, significant harm.

PRINCIPLES
