THE PLANS FOR MARK HALL ACADEMY ON FIRST AVENUE

Bowmer & Kirkland, on behalf of The Department for Education & Skills, are shortly to submit an application seeking planning permission to provide replacement school buildings with enhanced external spaces at the existing Mark Hall Academy.

Whilst the number of pupils provided for will not increase, the new school buildings will replace the life expired current buildings with new energy efficient buildings.

As part of the pre-application consultation process, we would like to invite the community to find out more about the planning application and to speak to the consultants about the proposed development.
